Indicators 2, 3, 4, 5 and 6 are performance indicators. These are a measure of the districts overall performance in several key areas. These targets were set by the state during the development of the State Performance Plan (SPP).

For Indicator 3, there were a total of 2033 children with two data points in the Kentucky Early Childhood Data System (KEDS) statewide. A total of 96 were from the Green River district.

For Indicator 4, there were a total of 5352 family surveys distributed statewide. Of these, 260 were sent to families in the Green River district. A total of 80 were returned for a return rate of 30.76%.

A determination of *Needs Assistance* means that the district must continue to seek out targeted technical assistance and training resources on topics specific to the areas of noncompliance. This may include onsite technical assistance visits and monthly monitoring calls with the Point of Entry Manager and other key stakeholders.
